

Welcome

In Customer Service, in the top menu, you can find information you are interested in as an electric energy consumer.

Depending on the category you belong to, choose referent services.

If you are a consumer belonging to the category of households, in addition to Service Information related to services of your Elektrovojvodina, you can become our new consumer, and if you already are an existing consumer, the following services are available: reporting power failure, submitting electricity meter, registration in order to use SMS and E-mail services, as well as the option of reporting unauthorized consumption.

If you are a business consumer, you can have the insight in Electricity Tariffs for Tariff consumers.
